

About the renovation of O-torii(Grand Gate)

1, What is O-torii?

- The first O-torii of Itsukushima shrine was constructed in 1168 supported by Taira-no Kiyomori. The present O-torii, which is the eighth, was constructed in 1875.
- It is made of camphor tree. The main post in the east is made of wood from Miyazaki prefecture and the one in the west is made of wood from Kagawa prefecture.
- It is designated as a World Cultural Heritage and an Important Cultural Property.

2, The details of the renovation

- The renovation includes changing the roofing, repairing the Hen-gaku (nameboards) repainting the pillars, maintenance of wooden part and repairs with resin on the bottom part.
- The investigation of damage of the pillars
(damage of the hardwares, the wood, hollowing inside the pillars and so on)
- Steps of the renovation: considering results of the investigation→considering how to reinforce → asking for opinion of expert committee→ approval of the Agency for Cultural Affairs→ renovation
